ADDENDUM A

Niagara County Industrial Development Agency Application for Assistance

Retail Project Certification

The undersigned, hereby certifies the following:

1. An application for financial assistance from the Niagara County Industrial Development Agency (the “Agency”) has been submitted by _____, (the “Applicant”) with respect to a certain Project, as described in the Application for Assistance, (the “Application”) to which this Addendum is heretofore attached.

2. The Applicant, by its undersigned Authorized Representative, understands and agrees that Section 862 of the New York General Municipal Law provides for a prohibition on the types of projects that can benefit from the assistance of an Industrial Development Agency with respect to *a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost*. The Applicant, by its undersigned Authorized Representative, understands and acknowledges the following:

a. Less than One-third Project costs. Financial assistance of the agency may be provided in respect of *any project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute less than one-third of the total project cost*.

b. Destination project. Financial assistance may be provided to a project that is a tourism destination project (defined as a location or facility which is likely to attract a significant number of visitors from outside the economic development region as defined under New York economic development law, in which the project is located) *even if the project or facilities that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost*.

c. Not-for-profit operations. Financial assistance may be provided to a project that is operated by not-for-profit corporation *even if the project or facilities that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost*.

d. Retaining jobs within the state. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost*, where the project occupant would, but for the assistance provided by the agency, locate the related jobs outside the state.

e. Unique services. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost* where the predominant purpose of the project would be to make available goods or services which would not, but for the project, be reasonably accessible to the residents of the city, town, or village within which the proposed project would be located because of a lack of reasonably accessible retail trade facilities offering such goods or services.

f. Highly distressed area. Financial assistance may be provided to a project where *facilities or property that are primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain such goods or services constitute more than one-third of the total project cost*, where the project is located in a highly distressed area. A "Highly distressed area" shall mean (a) a census tract or tracts or block numbering areas or areas or such census tract or block numbering area contiguous thereto which, according to the most recent census data available, has (i) a *poverty rate* of at least twenty percent for the year to which the data relates or at least twenty percent of households receiving public assistance; and (ii) an *unemployment rate* of at least 1.25 times the statewide unemployment rate for the year to which the data relates; or (b) a city, town, village or county within a city with a population of one million or more for which: (i) the ratio of the full value property wealth, as determined by the comptroller for the year nineteen hundred ninety, per resident to the statewide average full value property wealth per resident; and (ii) the ratio of the income per resident; as shown in the nineteen hundred ninety census to the statewide average income per resident; are each fifty-five percent or less of the statewide average; or (c) an area which was designated an Empire Zone.

3. The Applicant, by its undersigned Authorized Representative, understands and agrees that projects authorized pursuant to Section 2(d),(e), and (f), above, *shall not be approved unless the Agency shall find, after the public hearing* required by New York General Municipal Law, that undertaking the Project will serve the public purposes of the New York General Municipal Law by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the state. Where the Agency makes such a finding, *prior to providing financial assistance to the Project by the Agency, the chief executive officer of the municipality for whose benefit the agency was created shall confirm the proposed action of the agency.*
4.
